

Spring REST Assignment

HelloController.java

```
@RestController
public class HelloController{
    private static final Logger
LOGGER=LoggerFactory.getLogger(HelloController.class);
    @GetMapping("/hello")
    public String sayHello(){LOGGER.info("START");LOGGER.info("END");return
"Hello World!!";}
}
```

CountryController.java

```
@RestController
public class CountryController{
    @GetMapping("/country") public Country getCountryIndia(){ApplicationContext
c=new ClassPathXmlApplicationContext("country.xml");return
c.getBean("in",Country.class);}
    @GetMapping("/countries") public ArrayList<Country>
getAllCountries(){ApplicationContext c=new
ClassPathXmlApplicationContext("country.xml");return
c.getBean("countryList",ArrayList.class);}
    @GetMapping("/country/{code}") public Country getCountry(@PathVariable String
code) throws CountryNotFoundException{return new
CountryService().getCountry(code);}
}
```

CountryService.java

```
public class CountryService{
    public Country getCountry(String code) throws CountryNotFoundException{
ApplicationContext c=new ClassPathXmlApplicationContext("country.xml");
ArrayList<Country> list=c.getBean("countryList",ArrayList.class);
return list.stream().filter(x-
>x.getCode().equalsIgnoreCase(code)).findFirst().orElseThrow(CountryNotFoundEx
ception::new);
}}
```

CountryNotFoundException.java

```
@ResponseStatus(value=HttpStatus.NOT_FOUND,reason="Country not found")
public class CountryNotFoundException extends Exception{}
```

SpringLearnApplicationTests.java

```
@AutoConfigureMockMvc
@SpringBootTest
class SpringLearnApplicationTests{
```

```
@Autowired CountryController countryController;
@Autowired MockMvc mvc;
@Test void contextLoads(){assertNotNull(countryController);}
@Test void testGetCountry() throws Exception{

mvc.perform(get("/country")).andExpect(status().isOk()).andExpect(jsonPath("$.
code").value("IN")).andExpect(jsonPath("$.name").value("India"));
}
@Test void testGetCountryException() throws Exception{
mvc.perform(get("/country/az")).andExpect(status().isBadRequest());
}
}
```
